

## 9th Grade - Sentinel School Tour

### Overview :

This lesson, Sentinel School Tour, will incorporate student collaboration while learning to use Google Maps to create a campus tour, which will include hidden curriculum within the school.

### Materials:

- Video - [Google Maps in Education](#)

### Instructions:

- Show video on Google Maps
- Discuss Google Maps and ask class what they wish they would have known before they started school (create a list of hidden curriculum)
  - Hidden curriculum can be information that we assume others know about Sentinel, but are not told. For instance, where can their lockers be located, what kind of locks are required for the lockers, and where do I eat lunch?
- Break class into groups of 3 or 4
- Groups will create a lesson for incoming students that will include:
  - Google Maps tour of campus
  - A video or brochure about the hidden curriculum of Sentinel
- Share final project with class

### Resources:

Hidden curriculum list that class develops.

**Rubric:** [Checklist](#) for Google Map Assignment

### Standards:

MCPS School Counseling **Standard.9.AD.1.1.** I can list the number of credits and subject areas needed for high school graduation.

**Standard.9.AD.1.3.** I can state why passing my classes is important to my future.

**Standard.9.PS.3.1.** I can name different school groups.

**Standard.9.PS.3.2.** I can explore cultural identity and world views within the school and community.
