

OnlineRegistration For College Fairs and Scholarships!

Don't forget to have your students register online before the fair!

Don't forget about the \$1000 College Ca\$h Scholarship!

Your students must register **ONLINE BEFORE THE FAIR** and **PRINT OUT A CONFIRMATION BAR CODE** to bring to the fair. This is their pass into the fair, how they will scan information from the colleges, and how they will register for the scholarship! This is very important! It is free and only takes a second to register by visiting:

www.MontanaColleges.com or www.MPSEOCLogin.com

Please encourage all your students to complete this online registration process before the fair. This year students will NOT be able to register at the Fairs; they will need to do it ahead of time online to be eligible for these Scholarships and receive information from the colleges at the fairs! Don't let your students miss out on this great opportunity to win an easy \$1000 for any college in the world and gain valuable information from the colleges!!

If you have any questions or concerns, please contact:
Amy Leary, MPSEOC Executive Director
