Rental or Lease of School District Property

The Board of Trustees through the Superintendent/designee shall be authorized to rent or lease the real and personal property of the District. Such property shall be rented or leased for lawful purposes only. The rental or lease shall be in the best interests of the District and shall not interfere with the conduct of the district's educational program and/or related activities. The renter or leaser shall meet District designated insurance requirements. Proceeds from the rental or lease of property shall be deposited and expended according to statutory provisions and as may be further directed by the Board.
