

Meet Your Teacher

Dear Third Grader,

Hooray, it's back to school time! My name is Mrs. Gwinn and I am so excited to be your English Language Arts teacher this year! I am thrilled to have the opportunity to share this incredible time with you! I want to take the time to introduce myself since we will be spending a lot of time together and learning from each other.

After spending my childhood in Michigan, I came to the University of Montana to study Exercise Science. While completing my degree I had numerous powerful learning experiences which lead me to pursue a Masters degree in Exercise Science and Sport Psychology from the University of Idaho. Shortly after completing my graduate degree I moved to Moab, Utah where I met my husband. We returned to Montana in 2013 and I just completed my Masters in Education degree last fall. This is my first full year teaching and I am super excited! It is my hope to share my love for learning with each of you!

My husband and I enjoy rock climbing, mountain biking, backpacking, traveling, and cooking together. We have a two-year-old Catahoula dog named Garth and a one-year-old Catahoula dog named Atlas. They are our ultimate adventure buddies! Also, I'm a competitive runner and run distances from the mile to the marathon.

I am truly looking forward to spending this year with you in 3rd grade! I can only begin to imagine the fun and learning that we will experience together!

Sincerely,

Mrs. Gwinn
