

Woods 1

Class expectations, rules and grading policy

Hello new students and parents! Industrial Technology at Big Sky High School offers several courses: Applied Technology 1, Introduction to Technical Design, Architectural Design, Engineering Design, Wood Technology 1, 2, 3, Welding 1 & 2, Small Engines and Autos. Woods 1 is designed to introduce the students to our forests and the wood industry. Woods 1 is a semester class. The number 1 priority in the shop is safety and that's why students must take safety tests for every machine in the shop. Along with safety, the following is a list of what will be covered throughout the semester.
