## From Principal Chumrau—Greetings Paxson Community!

Please tell your friends about Kindergarten Registration. As of this week, we have 22 kindergartners registered. We need to get our neighborhood kindergartners registered for school as soon as possible. Registration can happen online through the MCPS website or in person. Kindergarten Round up is May 26<sup>th</sup>!

Over the past several weeks we have been working on promoting KINDNESS in and around our school. The theme is “filling buckets” with kind words or actions. The PCA has gifted books to each classroom about kindness. In addition we are offering 8 training sessions to playground aides on conflict resolution, cooperation on the playground, and kindness. Our very own STRETCH Club is committed to encouraging acts of kindness by reading a story called “Have You Filled a Bucket Today?” to all Paxson students. Acts of kindness fill others’ buckets, drop by drop, helping children feel good about themselves, and in turn, being happier and more cooperative. STRETCH Club leaders will soon be visiting your child’s classroom to encourage kindness and start filling buckets! Our hope is that we can all discuss different ways in which to fill someone’s bucket.

In our final trimester, we would like to hear your feedback with regards to our Spanish Exposure Program and Spanish Immersion Program. Be watching for a Google survey headed to you soon via Blackboard Messaging.

Special Olympics are right around the corner. Our young athletes will begin practicing after spring break. Look for them after school and cheer them on! The actual Olympic events take place on and after May 18<sup>th</sup>. We hope many of you will join us at the University of Montana to watch our athletes compete.

Last Thursday the A&E Architects presented to parents and neighbors about the expansion of our school. We are excited about the upcoming changes. Keep in mind that a large portion of our playground will be unavailable this summer.

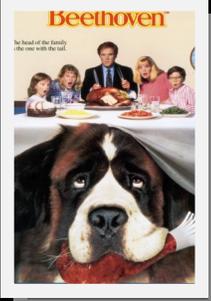

**SPRING INTO ACTION** with the Paxson Running Club for ALL students. K-5th graders can practice running on Tuesdays and Thursdays from 7:45-8:20 AM beginning March 29 and culminating with the YMCA Riverbank Run. Students must eat breakfast first. Learn the Running Club Chant on p. 4.

**LIBRARY NEWS—**

The library is a happy buzz with the whole school reading. We have had some special moments this month related to our love of literature. The Fifth graders participated in the Mason’s Annual 5th Grade Bikes for Books program. Our two lucky winners were Avery Miller and Josie Brown. Congratulations!!

This year was the first year for Paxson to participate in Battle of the Books a program started in Alaska. “The goals of the program are to encourage and recognize students who enjoy reading, broaden reading interests, increase reading comprehension, and promote academic excellence.” Students read 15 books, discussed them, and then quizzed each other on the contents. They spent many hours practicing answering questions to recall what they read. We had three fifth grade teams (Oscar Ammons Strohl and Asa Stuart, Thalia Lambros and Mila McKay, Liam Vetter and Max Williamson) compete for the Paxson championship. Liam and Max won the first battle and then Thalia joined their team

after she won the next school battle. Our Raging Readers team took second place at Target Range after tying with Russell and then going into a tie breaker. We are proud of Liam, Max and Thalia.

Please remember to recycle at home and school and encourage others to recycle too. Thank you! —The Stretch Club.

**Kudos to our school counselor, Gene Oliver**, also known at Paxson as “The Garden Guy.” Gene works tirelessly supporting our beautiful outdoor classroom. From the beginning, Gene has been involved in every aspect of the garden—from construction and landscape design to paver installation. He continues to spearhead garden work days and maintain the irrigation system. Whew! Thank you, Mr. Oliver, for all you do!

**Kudos to teachers Mrs. Kasper and Mrs. Adams** who are both filling long-term substitute positions in two of our Kindergarten classes. These two teachers have seamlessly stepped into these positions, which, mid-year, is no easy task. We are grateful for their ability to adapt well to their bustling classrooms and forge new trusting relationships with their students.

# The Sandal Project

**Help Enrich a Child's Summer**

Last year, Savannah Chevallier (11) kicked off her summer by earning money to buy summer activity passes for a few children at Paxson. I thought it a worthy cause, and so, I am joining Savannah in her efforts. Perhaps you would like to help us offer passes for fun and productive summer activities. If so, grab a sandal, (or their cheaper counterpart, a flip-flop) from the Lobby with summertime activities posted on them, purchase the passes listed on the flip flop of your choice and return the passes for a student at Paxson. I will then deliver to the student. Students can raise money or simply buy a gift pass to various dance, music, swimming, arts, or sports camps held in Missoula. Look for the sandals hanging in the lobby in May and help us make a difference!
