Currently a school with a 21th century curriculum- dual language and an IB program
Partner with MIS to facilitate integrating dual language and IB into public schools
Sell the school to MIS
A collaborative approach between all schools
Public schools are the heart of education

MISSOULA COUNTY PUBLIC SCHOOLS
STRATEGIC FACILITIES PLAN
APPENDIX AP6A HOPES & CONCERNS February 14, 2014

Independent and private schools provide diverse educational opportunities
Educational diversity creates an overall stronger educational system
Prescott school was built in 1893 (and then again in 1951- just as Washington and Jefferson)
Needs to return to use for public school children
No lease to a private school-unlawful!
What is missing is now about several million dollars since 2004 due to lack of state funds because of MIS increase in enrollment
Prescott becomes a public school again!
Either a K-8 or K-5 or 6-8!!
Prescott now a public school, Rattlesnake is full
Prescott a public school, why it was built
Sell the school
Sell the school to MIS- keep the property a school
A qualitative assessment- a school provides more benefit to society and Missoula a subdivision doesn't do that

○ **Concerns**

Lease costing district \$500,000 a year
www.prescottschoolmissoula.blogspot.com
Stop the corruption
Stop the disloyalty
MIS needs to go!

Remember Toni Rehbein was president and vice president of MIS before being a MIS member
She advanced corruption to lease and lease with option to buy, then became MIS ex director
No lease
Also remember Naomi Kimbell MIS trustee voted for lease and closure of Prescott
○ **Trades & Crafts**
Needs exterior paint
