# From the Principal's Office:

May 1, 2019

Dear Parents,

L&C Mission Statement: We endeavor to foster global awareness as well as inspire stewardship within our community and the natural world. To this end, we provide a foundation for each student to become a lifelong learner. We promote the development of the whole child through the IB Learner Profile. Our Program of Inquiry creates authentic opportunities for academic growth utilizing constructivist approaches to learning. Implementing these ideals in a caring environment will result in courageous, creative, literate, thoughtful and active members of society.

We will soon begin the process of developing next year's class lists, with input from your child's classroom teacher, our specialists and support staff. There are a number of factors we must consider in trying to balance classrooms for next year:

1. The following are changes to the staff roster for the 2019-20 school year:

- Mrs. Amy Shattuck - Principal
- Mrs. Aldrich (returning from leave)
- Mrs. Bond (returning from maternity leave)
- Mrs. Jencso 3rd grade
- Ms. Hougard 3rd grade
- Mrs. O'Connor 4th grade
- Mrs. Garland 5th grade (returning from maternity leave)

2. Kindergarten is close to capacity at this time. We have 4 spots remaining.

3. We use these guidelines when assigning students to a classroom:

- Balance of academic performance levels
- Balance of gender
- Balance of behavior/social needs

Parents often ask how we go about making class lists. We go through a rigorous process to balance classes. We take considerable time and effort with the process of balancing classes to support all students and the many, varied learning styles they demonstrate. Teachers, counselors, special education staff and administration work together to gather academic, behavioral, and social data, as we form learning groups. Many staff reviews take place as we finalize the class lists.

Our student numbers for 2019-20, in most classes, will be close to the maximum allowed by the state. **We are not accepting any out of area students at this time.** With new students moving into the district and some students leaving our attendance area during the summer months, classroom configurations do change. Lewis and Clark has caring teachers at all levels. Our units of inquiry and Montana Common Core Standards allow for classrooms to offer a guaranteed curriculum at each grade level. I would like to commend those parents who take an active role in their child's education. I understand parents' interests in choosing their child's teacher; however, based on what I have outlined above, **I will not be accepting parent requests for specific teachers.** If there are issues of which we need to be aware, please put those in writing addressed to me. [sanderson@mcps.k12.mt.us](mailto:sanderson@mcps.k12.mt.us)

Your support is greatly appreciated. If you have questions, please feel free to call me at 728-2400 ext. 4350.

***Supply lists will be posted in July.***

***Class lists will be posted on the front window by late August 2019.***

Susan Anderson, Principal

The FRC says THANK YOU...to  
the **Schweyen** family for  
toothbrushes and dental supplies,  
...to Doug Wing for clothes  
donation

....to **MOR4Kids** for the continued and  
generous support of the Family Resource Center  
(FRC). MOR4Kids was created in 2011 after  
members of the Missoula Organization of  
REALTORS (MOR) recognized a growing need  
in Missoula's school system to help feed, clothe  
and support homeless and at-risk students in  
MCPS. Lewis & Clark's FRC is one of the 29  
local schools that MOR4Kids supports. Since  
2011, MOR4Kids has given **almost half a  
million dollars** to these schools and students.  
Thank you MOR4Kids and MOR!

## Lost & Found

The final clean out of  
the bins for the year will  
be: **June 3rd to June  
12th.**

In the meantime, you  
can check both L&F bins  
if you are missing  
something. Often class-  
rooms have their own  
L&F box as well.

Remember to write your  
student's name on all  
items that could get  
lost. They will get  
returned  
when the  
bins are  
cleaned!

## BOOKIN' INTO SUMMER– Book Swap Details

**May 15-29th:** Kids may bring up to 5 books to trade.  
Additional volumes will be considered donations and will not  
receive trade tokens.

Please choose carefully which books are brought in for swap. **Books will  
only be eligible to swap if they meet the following criteria:**

- \* Books appropriate for grades KG-5th
- \* Books should be in gently used condition (cover on, no rips, tears, bent edges or writing/coloring on the pages)
- \* Books should fit into one of the following categories: picture, early chapter books, regular chapter books, 5th grade/YA books. **Please do NOT** send board books, coloring books, activity or sticker books, religious books, magazines or adult titles. They will be returned to kids.

**Join us June 4th 6:15-7:30 pm on the L&C playground for  
the Book Swap!** Kids bring their tokens and can exchange them for  
books. Please note the selection of books available will be based on the  
books donated. *Questions? Want to help? Contact the FRC@327-6949*

## Inquiry Corner with Kari Henderson

### What is the 5th Grade Exhibition?

***Our Exhibition is scheduled for the morning of June 7th from 9:00-10:15 in our new cafeteria!***

In the final year of the PYP, students carry out an extended, in-depth, collaborative project known as the PYP exhibition.

Fifth grade students work collaboratively to conduct an in-depth inquiry into real life issues, problems, or interests. Students collectively synthesize all of the essential elements of the PYP in ways that can be shared with the whole school community.

The exhibition provides teachers with a powerful and authentic process for assessing student understanding.

The exhibition represents a unique and significant opportunity for students to exhibit the attributes of the IB learner profile developed throughout their engagement with the PYP.

It also provides schools and students with a wonderful opportunity to celebrate the transition of learners to the next phase of their education.

This year our students will be focusing on an area of personal interest under the transdisciplinary theme- How we express ourselves.

If you are interested in assisting as a mentor please contact Leslie Ferrell at [lferrell@mcps.k12.mt.us](mailto:lferrell@mcps.k12.mt.us) - Thank you!

# Noted!

A huge Thank You! to the Montana Arts Council, Lewis and Clark PTA, Create Missoula, Spark! and Gamelan Manik Harum for their sponsorship of Bali Week at Lewis and Clark Elementary. All classes had time with our visiting guest artists, I Made Lasmawan and Ni Ketut Marni. We learned some dance moves and how to do kecak, a unique vocal art form from Bali, Indonesia. The final performance with all three 5<sup>th</sup> grade classes was a huge success.

Check out highlights at the YouTube Websites below.

## Counselor's Corner: A Note from Ms. Myers

### Career Exploration!

School Counselors deliver classroom lessons around the 3 domains: Social/Emotional, Academic, and Career. In April and May, my lessons in many grade levels are focused on career. Career lessons are one of my favorite topics!

Through books, activities, and conversations, students are thinking about how skills, interests, and personalities match career choices. Kids LOVE thinking and talking about the world of work! Get the conversation rolling; ask your children: what problems do YOU want to solve as an adult? Talk about your own job; what are the skills you possess that make you successful at work? How did you choose the job you're in? I hope you enjoy making this school-home link with your children!

### Summer Options for Children

The opportunities for children in Missoula to have fun, grow, and learn all summer long are vast and ever-expanding. Are you unsure what to involve your child in this summer or just want to learn about some options? Check out the red resource shelf or the summer camp info sign outside the gym. Both are brimming with brochures for camps. You can also stop in the FRC. We are happy to chat with you about them!

### Ms. Cooper's Crew

One of the most important aspects of the International Baccalaureate Program is to take action after you have explored a theme. After learning about community, and the roles we all play in our various communities, Ms. Cooper's class asked themselves, "What can we do for our community?" We decided to make treats for the animals at the Humane Society of Western Montana! We also made signs to put on the kennels and crates that might help a future family decide on a new pet. About half the class was able to make it on a Saturday to help Ms.

Cooper deliver the treats. We presented the workers with a special thank you to them for taking care of these animals, and recognizing them for the important role they play in our community.

### Warm Spring Weather Brings out Ticks

There are many species of ticks capable of transmitting a variety of bacterial, viral, and parasitic illnesses to humans and other mammals.

#### PROTECT YOURSELF:

- Use insect repellent (at least 20 % DEET) and wear protective clothing to prevent ticks from making you their next meal. Early recognition and treatment of tick-borne infections significantly decreases the risk of serious complications
- Inspect yourself, other family members and pets after being outdoors
- Shower off after being outdoors to wash off ticks and more easily spot ticks

## PROTECT THOSE NOGGINS

Studies have shown helmets can reduce the risk of head injury by 85%. Surveys show:

- only 27 percent of adults and 44 percent of children riding bicycles in Missoula wear helmets
- only 34 percent of skiers and snowboarders wear helmets.

Frequent helmet sales are held by the St. Patrick Hospital Trauma Services in the Broadway Building 5th floor lobby. Call (406) 329-2823 for a current schedule.

**Prices:**

**Bike: \$8**

**Multi Sport:** (skateboarding, in-line skating, rollerblading, ice skating, kayaking):  
**\$10**

**Ski: \$20 or Equestrian: \$23**
