DIRECTORY INFORMATION

The **Family Educational Rights and Privacy Act (FERPA)**, a Federal law, requires that Missoula County Public Schools District No. 1, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records.

However, Missoula County Public Schools may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow Missoula County Public Schools to include this type of information from your child's education records in certain school publications. Examples include:

- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. [\(1\)](#)

If you do not want Missoula County Public Schools to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by **September 6**,

**NOTIFICATION OF RIGHTS UNDER
FAMILY EDUCATION RIGHTS AND PRIVACY ACT**

The **Family Educational Rights and Privacy Act** (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

(1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the School principal a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students may ask the School to amend a record that they believe is inaccurate, misleading, or otherwise in violation of the student's rights under FERPA. They should write the School principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

LIMITED ENGLISH PROFICIENT (LEP) STUDENTS

Missoula County Public Schools has the responsibility under federal law to serve students who are limited English proficient and need English instructional services. Title III funds are intended to help students who have limited English proficiency to attain English proficiency, develop high levels of academic attainment in English, and meet the same challenging academic content and student academic achievement standards as all other children in the District are expected to meet. The District will ensure opportunities are provided for parents to meet with building principals and teachers, provide information how parents can be involved in their child's education, and how parents can help their child attain English proficiency and succeed in school. The District works hard to provide information to parents in a format and language that they can understand.

Each year, the District will notify parents of a student identified as limited English proficient of the reasons their child has so been identified, the child's level of English proficiency and how it was assessed, the methods of instruction used in its programs and others, how its program will help their child, and when the child is expected to gain English proficiency.

The District will provide notice to parents of limited English proficient students when the child fails to make progress on annual achievement objectives within 30 days of learning of such status.

Parents seeking more information about the District's identification of and programs for students with limited English proficiency should contact Shirley Lindburg, Gifted Education and English Language Learner Program Coordinator at salindburg@mcps.k12.mt.us or (406) 728-2400 ext. 1057.

ELEMENTARY AND SECONDARY EDUCATION ACT

The Elementary and Secondary Education Act (ESEA) as amended by No Child Left Behind and Every Student Succeeds Act (ESSA) requires schools to make available school "report cards," related to a wide variety of student and school performance metrics, accountability, per-pupil expenditures, and educator qualifications, as well as any other information that the Montana Office of Public Instruction or MCPS deems relevant. Information (for all schools in the state) for previous school years can be accessed from the Montana Office of Public Instruction's website at www.opi.state.mt.us. Report cards relating to the 2018-2019 school year will be available on MCPS's website no later than December 31, 2019. Information regarding previous school years is also available at each school.

The act also guarantees that the any parent has the right to know:

- b) whether a teacher is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived;
- c) Baccalaureate degree major of a teacher and any other graduate certification or degree held by the teacher, and the field of discipline of the certification or degree.
- d) In addition for schools that receive Federal Title I funds, whether their child is provided services by paraprofessional, and if so, the qualifications of that paraprofessional.

MCKINNEY-VENTO HOMELESS ASSISTANCE ACT

Your school-aged children may qualify for certain rights and protections under the McKinney-Vento Act if your family lives in any of these situations:

- In a shelter
- In a motel or campground due to the lack of an alternate adequate accommodation
- In a car, park, abandoned building, or bus or train station,
- Doubled up with other people due to loss of house or economic hardship

Eligible children have the right to: receive a free, appropriate public education; enroll immediately and attend classes while the required documents are gathered; enroll in a local school or remain in the school of origin; if the district believes enrollment is not your child's best interest, a written explanation of the decision and your right to appeal; receive transportation to and from the school of origin if requested; and receive educational services comparable to those provided to other students depending on your child's needs.

Homeless students and families also have the opportunity to receive additional tutoring, mentoring, advocacy and other support through the McKinney-Vento Act. The District partners with family advocates in local agencies, as school liaisons, to assist homeless students and families with immediate school enrollment for eligible homeless and at-risk children and youth – regardless of missing immunization or academic records, arrange for busing or transportation assistance, and refer students for tutoring or other services for those in grades K-12. For more information, please contact the MCPS Families in Transition Liaison at call 728-2400, ext. 1080.

ASBESTOS MANAGEMENT PLAN

In the past, asbestos was used extensively in building materials because of its insulating, sound absorbing, and fire retarding capabilities. Virtually any building constructed before the late 1970s contained some asbestos. Intact and undisturbed asbestos materials generally do not pose a health risk. Asbestos materials, however, can become hazardous when, due to damage or deterioration over time, they release fibers. If the fibers are inhaled, they can lead to health problems, since as cancer and asbestosis.

In 1986, Congress passed the Asbestos Hazard Emergency Response Act (AHERA) which requires schools to be inspected to identify any asbestos containing building materials. Suspected asbestos-containing building materials were located, sampled (or assumed) and rated according to condition and potential hazard. Every three years, Missoula County Public Schools has conducted a reinspection to determine whether the condition of the known or assumed asbestos containing building materials (ACBM) has changed and to make recommendations on managing or removing the ACBM. At the last re-inspection conducted in 2013, all materials listed in the Management Plan as asbestos containing (or assumed to be asbestos-containing) were inspected and found to be in good condition.

The law further requires an asbestos management plan to be in place by July 1989. Missoula County Public Schools has developed a plan, as required, which has been continually updated. The plan has several ongoing requirements: publish a notification on management plan availability and the status of asbestos activities; educate and train its employees about asbestos and how to deal with it; notify short-term or temporary workers on the locations of the asbestos containing building materials; post warning labels in routine maintenance areas where asbestos was previously identified or assumed; follow set plans and procedures designed to minimize the disturbance of asbestos containing building materials; and survey the condition of these materials every six months to assure that they remain in good condition.

The following buildings contain no asbestos-containing building materials; therefore, no operations and maintenance programs or future inspections are required: Jeannette Rankin Elementary and Willard Alternative Learning Program. During the past year, asbestos containing building materials have been removed, encapsulated, or enclosed in the following buildings: Hawthorne Elementary, Lewis and Clark Elementary, Russell Elementary, C.S. Porter Middle School, Meadow Hill Middle Schools, Washington Middle School, Big Sky High School, Hellgate High School, Sentinel High School.

It is the intention of Missoula County Public Schools to comply with all federal and state regulations controlling asbestos and to take whatever steps are necessary to ensure students and employees a healthy and safe environment in which to learn and work. You are welcome to review a copy of the asbestos management plan in school district administrative office or administrative office of the school during regular business hours. Burley McWilliams, MCPS Facilities Manager, is our designed asbestos program coordinator, and all inquiries regarding the asbestos plan and asbestos-related issues should be directed to him at 728-2400, ext. 1050.
