

Missoula County Public Schools Smart Schools 2020 Middle School Recap

Prepared and Presented by:
Tyson Watson and Erin Nostrant
June 23, 2020

High Level Middle School Summary

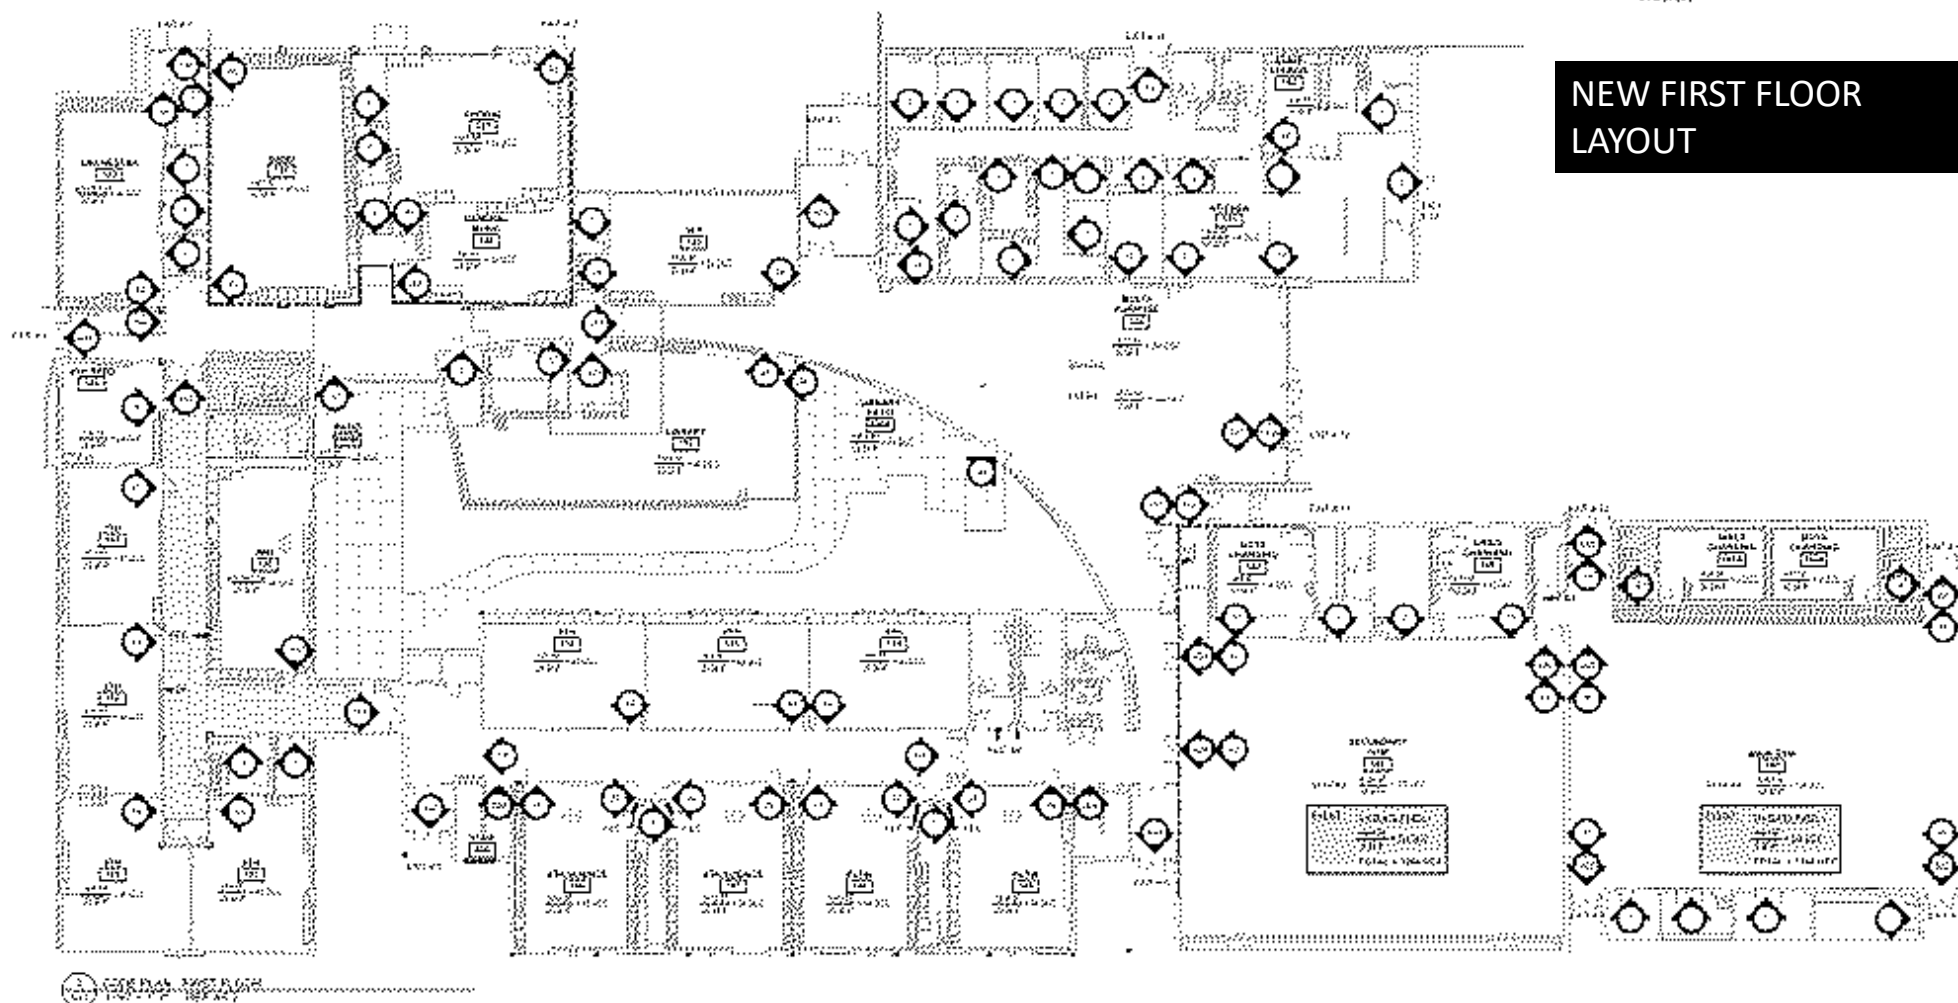

- Of the \$88 million invested in the elementary district, about \$29 million went to the three middle schools.
- Deferred Maintenance, Technology, Safety and Capacity improvements were the four primary categories addressed.
- Gymnasium improvements, music room expansions with practice rooms and storage, STEM spaces created, additional classrooms and exploratory spaces created, improved circulation were also common theme upgrades to the Middle Schools.

*A SPECIAL THANK YOU TO ALL
INVOLVED IN THE BOND EFFORTS!!!*

By our Estimation, about 445,500 craftperson hours were funded and spent working on the MCPS Elementary Schools over the last Five Years, with no major incidents or injuries.
