

EPINEPHRINE AUTO-INJECTORS IN SCHOOLS

Each district school will maintain a stock supply of auto-injectable epinephrine to be administered immediately for actual or perceived anaphylaxis (life threatening allergic reaction) in any student by a school nurse or other authorized personnel in accordance with Montana law (MCA 20-5-421) and [district medication policy 3416](#). 911 will be summoned and then parent will be notified immediately following all administration of epinephrine. The limited stock of this medication is not intended to be used in place of medications previously or currently prescribed for specific students or staff with known allergies. Students with known allergies are expected to continue to provide their own health care provider ordered medications and written individual annual anaphylaxis plan.
