Free & Reduced-Price School Meal Applications: For the previous two school years, school meals have been free for every child in the United States due to the public health emergency. However, in June, the federal waiver for free school meals expired. This means that starting this year, students will no longer automatically receive free breakfasts and lunches. To help our students and our schools, please help us encourage every family in MCPS to fill out the Free and Reduced Price School Meals Application and return it to their child's school. In addition to saving money every week on school meals, qualifying families can receive waivers for the costs of the ACT/SAT, reduced fees or free school activities that can otherwise cost hundreds of dollars, and cheaper internet! Even for families who don't qualify for free or reduced meals, filling out the [Free and Reduced Price School Meals Application](#) still helps our schools. These forms help with an accurate count of at-risk students, which is necessary to qualify for crucial federal funding to pay for additional staff, professional development, family support services, and other things to help meet at-risk students' educational needs. Find more information on the [MCPS Food and Nutrition Services website](#).
