Grants

The Board of Trustees encourages and recognizes the importance of seeking grant funds from federal, state, or local agencies, or private sources that are consistent with district goals and objectives, or which fund the purchase of facilities or equipment that will promote District goals and objectives.

Any grant in excess of \$5,000, or any grant requiring the expenditure of District funds, must be approved by the Board of Trustees. The Superintendent shall have the authority to approve grants up to \$5,000 that do not require the expenditure of District funds. If a grant is to be used for District personnel, the opportunity to competitively apply for a grant must be available to all district schools under the same eligibility criteria.

The Superintendent or his/her designee shall develop and disseminate written procedures regarding grant application and administration.
