

# Earth Science - Week at a Glance

**Monday**

No School

**Tuesday**

Freshman Only today!

**Wednesday**

"On-boarding day"

-Hellgate procedures and videos

**Thursday**

-Work on personal profiles

-Review syllabus

**Friday**

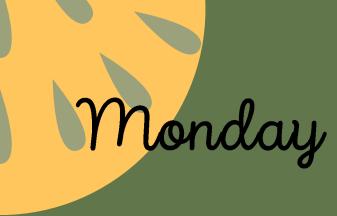

First day of real class!

-Review syllabus

-Turn in personal profile cards

-Pre-assessment on astronomy

-Inquiry Investigation properties of water

# Wednesday

## Tasks

Today is considered an "on-boarding" day. This means we will be going over many of the rules and policies of HHS as a class. Your tasks:

-Listen respectfully to the HHS policies we are required to review

## Objectives

- ☐ Review required HHS policies and procedures

## Bell Ringer

Take a second sticky note and write down one thing that makes you nervous about science this year. Put it on the board anonymously!

## Homework

- ☐ If you don't already have a 3-ringed binder you can use for science you need to get one. We will begin putting science papers in it almost immediately.

# Thursday

## Tasks

Today is considered an "on-boarding" day. This means we will be going over many of the rules and policies of the science classroom. Your task is:

- Listen respectfully as we go through the syllabus/classroom procedures
- Work on your personal profile card for me

## Objectives

- ☐ Review required classroom policies and procedures
- ☐ Work on personal profiles cards
- ☐ Familiarize yourself with location of materials in the classroom

## Bell Ringer

In your own words, what does it mean to "do science"? Write at least one sentence.

## Homework

- ☐ If you don't already have a 3-ringed binder you can use for science you need to get one ASAP. We will begin putting Earth science papers in it almost immediately.
- ☐ Finish your personal profile. Remember it can be as creative as you like! I will hold onto it for the rest of the year.

# Friday

## Tasks

Today is our first normal day of the year! We are going to dive right into a project on the periodic table. The tasks we will complete today are:

- Habits of mind posters and gallery walk

## Objectives

After today you will be able to:

- ☐ ...understand what habits of mind are and how they can be used to achieve success
- ☐ .....envision what success will look like in the science classroom

## Bell Ringer

What is one characteristic of a scientist you think is important to being successful?

## Homework

- Your personal profiles should have been turned in today! If they weren't finished make sure to turn them in on Tuesday!
