

Earth Science - Week at a Glance

Monday

No School

Tuesday

Engineering challenge! Build a water tower!

Wednesday

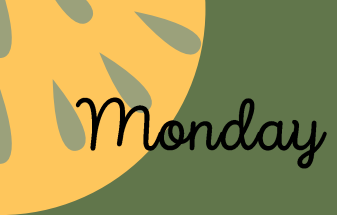

No science ☹️

Thursday

Which is which lab investigation!

Friday

Wrap up lab
Graphing activity

Tasks

Objectives

Bell Ringer

Homework

Tuesday

Tasks

- ☐ Bellringer question!
- ☐ Tower building STEM challenge
- ☐ Group work survey

Success Criteria

I can....

- ☐ Identify important engineering ideas
- ☐ Identify what a good group member looks like

Bell Ringer

Think about different types of towers we use/build in human society. Write down two types of towers that come to mind and their purposes. (full sentence)

Homework

- ☐ If you didn't complete the group work survey in google classroom please take it before class on Thursday.

Thursday

Tasks

- ☐ Bellringer question!
- ☐ Which is which? Lab investigation

Success Criteria

I can....

- ☐ ...critically think through the scientific method
- ☐ ...write a claim based on evidence I collected

Bell Ringer

What are two physical properties or qualitative observations you would use to describe water? (use a full sentence)

Homework

- ☐ Finish the Claim-Evidence-Reasoning if not done already

Friday

Tasks

- ☐ Bellringer question!
- ☐ Graphing activity, learning to graph scatter plots using data

Success Criteria

I can...

- ☐ ...correctly label a graph
- ☐ ...use data to create a scatter plot
- ☐ ...draw conclusions from the graph

Bell Ringer

List four different types of graphs you might use when analyzing data. (Use a full sentence)

Homework

- ☐ If you didn't finish the graphing activity in class please make sure that it is completed and turned in by class on Monday.
