

Chemistry- Week at a Glance

Monday

Review flowcharts for
correct information

Element worksheet

Tuesday

Properties Quiz

Atomic theory slides

Wednesday

Number logic activity

Atomic theory Pt 2

Thursday

Number logic activity

Atomic theory Pt 2

Friday

Simplified Periodic
Table

Monday

Tasks

- ☐ Turn in flow chart for a completion grade
- ☐ Review characteristics/any irregular elements
- ☐ Element worksheet

Success Criteria

I am learning...

- ☐ ...to recognize patterns of characteristics on the periodic table
- ☐ ...to identify elements based on their groups
- ☐ ...to recognize and identify to characteristics that are grouped together on the periodic table

Homework

- ☐ Element worksheet is due on Tuesday at the beginning of class

Tuesday

Tasks

- ☐ Properties Quiz

Success Criteria

I can...

- ☐ ...classify elements based on their characteristics
- ☐ ...recognize trends on the periodic table

Homework

- ☐ No HW!

Wednesday

Tasks

- ☐ Atomic theory slides
- ☐ Mendeleev puzzle

Success Criteria

I am learning...

- ☐ ...how to recognize patterns on the periodic table
- ☐ ...to predict characteristics of an element based on their periodic table position
- ☐ ...to predict characteristics based on groups and periods
- ☐ ...how to connect groups and periods to atomic structure

Homework

- ☐ No HW!

Thursday

Tasks

- ☐ Atomic theory slides
- ☐ Mendeleev Puzzle

Success Criteria

I am learning...

- ☐ ...how to recognize patterns on the periodic table
- ☐ ...to predict characteristics of an element based on their periodic table position
- ☐ ...to predict characteristics based on groups and periods
- ☐ ...how to connect groups and periods to atomic structure

Homework

- ☐ No hw!

Friday

Tasks

- ☐ Element bingo!

Success Criteria

I can...

- ☐ ...recognize how cool the periodic table is and play a rad game of bingo!

Homework

- ☐ Have a great weekend!
