About MCAT FILM CLUB

Film Club: Flagship After-school program works with MCAT (Missoula Community Media Resource) in making short films in an active creative and safe environment. Kids from various MCPS Schools participate in this program to build social skills and teamwork. At the end of the year the Kids get a copy of all the movies they made on a DVD. MCAT will run these videos on our Channel 189 via Charter Cable and various MCAT outlets that include youtube. The children's names will not be released in anyway through our Public Access Station.
